Subject: Meeting on Wednesday, 18 Jan
Date: Wednesday, January 18, 2017 0:04:22

Dave and others,

Can we meet at the same room tomorrow at 0900?

From our perspective, we would like to discuss the TuGu write up, butterfly host plants with Eric, and meet with Tony and others to recap a brief history of the consultation. We think all this will take no more than three hours.

Today went very well. Looking forward to more discussions tomorrow.

Let us know if this works for tomorrow.

V/r,
JSP

All;
Here is another attempt at emailing our edge effect analyses and synthesis. I am sorry that the attachments did not come with my previous email for some of you.

David

All,

Please see attached read ahead documents consolidated into this email from the DON (prelim working draft BO comments, ISR Strike, Psychotria paper, Schedule - kept times the same, but we'll adjust as the discussion goes on).

One request for the FWS is status on the draft analysis on *Tuberolabium guamense* and the edge effect white paper. Please send NLT Friday afternoon so we may review over the weekend in prep for the meeting.

Thanks and we'll see you in Portland.

Hi Mary,

We are all staying at the Embassy Suites Downtown...and we will have one car for the 5-6 of us to share if necessary.

Looking forward to the discussion next week!

V/r,
Jeff

Richard -

Thank you for sending this out. My only comment is I think it might take more time to cover the items identified in the morning and hopefully less time is needed for the items in the afternoon. Otherwise I think it looks good and I appreciate you all and Steve getting things out ahead of time.

For dinner, it would help to know where folks are staying (downtown, Lloyd district, etc) to pick the easiest spot for people particularly given the possibility of inclement weather and some people will not have cars. So if you can let me know where you're staying I'll work with Rollic to identify a spot and make a reservation. It would also help to know if we have any particular food constraints or desires.

Thanks -

Mary

Mary, et al,

Please see attached the proposed Portland meeting schedule covering the agenda topics we previously discussed. Request your feedback by tomorrow, especially on the group dinner recommendation.
